Miami Classes - 3100 South Dixie Highway, Suite 100 Miami, FL 33133

1/29/2010

239403, 239420 Job Placement and Training Orientation

This seminar discusses how to get your career started in the IT industry and we will explore career paths, internships, free training programs and vendor incentives offered at The Academy of South Florida Inc. Additionally, South Florida Workforce Representatives will be available to assist in completing the application process to take advantage of stimulus monies.

Friday 10:00am - 1:00pm

Room 2

Friday 2:00pm - 5:00pm

Room 3 - Library

2/1/2010 - 2/7/2010

233232 Academy Cisco CCENT/CCNA Boot Camp [BOOTCCENTCCNA]

The CompTIA Network+® (2009 Objectives) course builds on your existing user-level knowledge and experience with personal computer operating systems and networks to present fundamental skills and concepts that you will use on the job in any type of networking career. If you are pursuing a CompTIA technical certification path, the CompTIA A+ certification is an excellent first step to take before preparing for the CompTIA Network+ certification.

Mon-Sun 9:00am-6:00pm

Room 4A

2/8/2010 - 2/26/2010

237404 Network+ -(NWT) [NWTNIGHTTIME]

The CompTIA Network+® (2009 Objectives) course builds on your existing user-level knowledge and experience with personal computer operating systems and networks to present fundamental skills and concepts that you will use on the job in any type of networking career. If you are pursuing a CompTIA technical certification path, the CompTIA A+ certification is an excellent first step to take before preparing for the CompTIA Network+ certification.

M-W-F 6:00pm-10:00pm

Room 4A

2/8/2010 - 2/26/2010

237929 CompTIA A+ 2009 Essentials [A+ 2009 Essentials]

If you are getting ready for a career as an entry-level information technology (IT) professional or personal computer (PC) service technician, the CompTIA® A+® Certification course is the first step in your preparation. The course will build on your existing user-level knowledge and experience with personal computer software and hardware to present fundamental skills and concepts that you will use on the job. In this course, you will acquire the essential skills and information you will need to install, upgrade, repair, configure, troubleshoot, optimize, and perform preventative maintenance of basic personal computer hardware and operating systems.

M-W-F 6:00pm-10:00pm

Room 4A

2/8/2010 - 2/25/2010

233045 Interconnecting Cisco Network Devices (CCNA) [CCNA NIGHTTIME]

This course focuses on providing the skills and knowledge necessary to install, operate, and troubleshoot a small branch office Enterprise network, including configuring a switch, a router, and connecting to a WAN and implementing network security. A Student should be able to complete configuration and implementation of a small branch office network under supervision.

Mon-Thurs 6:00pm-10:00pm

Room 3B

2/15/2010 - 3/18/2010

233078 Application Architect Program Level II: ASP .NET [AAPII: ASP .NET]

This training course prepares you to achieve the dual certifications for MCTS: .NET Framework 2.0 Web-Based Client Development and MCTS: .NET Framework 2.0 Windows-Based Client Development. If you are developing .NET Framework 3.5 applications that use Microsoft Visual Studio 2008 or creating Web applications that use ASP.NET 3.5, the Microsoft Certified Technology Specialist (MCTS) credentials highlights your job role, featuring your specific area of expertise. Now you can easily distinguish yourself as an expert in Windows, ASP.NET, ADO.NET, or Windows Communication Foundation application development. This is one of six MCTS .NET 3.5 certification paths.

Mon-Thurs 6:00pm-10:00pm

Room 4B

3/8/2010 - 4/15/2010

235749, 235687 MCTS/MCITP: SERVER 2008 Level II [MCTS/MCITP08II]

The Academy MCITP: Windows Server 2008 Program is the most effective, efficient way to learn how to successfully design, plan and implement a network infrastructure, Active Directory infrastructure, Virtualized infrastructure and client deployment on the Windows Server 2008 platform, with a consistent focus on Hyper V (Virtualization) in the enterprise.

Mon-Thurs 8:00am-12:00pm

Room 1

Mon-Thurs 6:00pm-10:00pm

Room 4A

3/8/2010 - 4/22/2010

235794, 235793, 235789 MCTS/MCITP: SERVER 2008 Level I [MCTS/MCITP08I]

The Academy MCITP: Windows Server 2008 Program is the most effective, efficient way to learn how to successfully design, plan and implement a network infrastructure, Active Directory infrastructure, Virtualized infrastructure and client deployment on the Windows Server 2008 platform, with a consistent focus on Hyper V (Virtualization) in the enterprise.

Mon-Thurs 8:00am-12:00pm

Room 1

Mon-Thurs 1:00pm-5:00pm

Room 1

Mon-Thurs 6:00pm-10:00pm

Room 1

3/8/2010 - 3/25/2010

233437 Interconnecting Cisco Network Devices (CCNA) [CCNA NIGHTTIME]

This course focuses on providing the skills and knowledge necessary to install, operate, and troubleshoot a small branch office Enterprise network, including configuring a switch, a router, and connecting to a WAN and implementing network security. A Student should be able to complete configuration and implementation of a small branch office network under supervision.

Mon-Thurs 6:00pm-10:00pm

Room 3B

3/29/2010 - 4/20/2010

233079 Application Architect Program Level III: SharePoint [AAPIII: SharePoint]

The Technology Specialist certifications enable professionals to target specific technologies and distinguish themselves by demonstrating in-depth knowledge of and expertise in the technologies with which they work.

Mon-Thurs 6:00pm-10:00pm

Room 4B

4/5/2010 - 4/23/2010

237828 Network+ -(NWT) [NWTNIGHTTIME]

The CompTIA Network+® (2009 Objectives) course builds on your existing user-level knowledge and experience with personal computer operating systems and networks to present fundamental skills and concepts that you will use on the job in any type of networking career. If you are pursuing a CompTIA technical certification path, the CompTIA A+ certification is an excellent first step to take before preparing for the CompTIA Network+ certification.
